

Katie Kazoo Book Nook Materials

Mrs. Carew, Katie's mom, works at the Book Nook—a bookstore in the Cherrydale Mall. Katie spends a lot of time at the store, and she knows it is filled with great books.

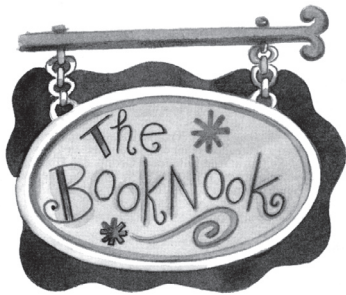

Set up a Book Nook in your own classroom! Bring in any used books from home that you want to donate to your class library, but be sure to ask your parents for permission first. Then photocopy and cut out multiple copies of the items below and leave them in your Book Nook for easy access. Everyone should receive a Book Nook card that works like a library card—just show your card to your teacher when you want to swap the book you've finished reading for a brand-new one. To give students an opportunity to read all the books they would like, it would be best if each student checks out only one book at a time. When you finish a book, fill out a recommendation card to let others know what you thought. Keep all the recommendation cards alphabetically in your Book Nook corner, so everyone can easily look up recommendations. If you donate a book, fill out and paste or tape the label below inside the front cover.

This Book Was Donated By:

Paste or tape this label to the inside front cover of each donated book.

**Katie Kazoo
Rocks
with Reading!**

This card entitles the holder to swap for one book from the Katie Kazoo Book Nook Swap Shop!
